How we work

There are 3 ways to set up a project with us:

1. **Booking:** You can book a specific talent with this fulfillment type. You can browse our samples and select the Bunny Pro that matches your project needs.

2. **Contest:** three Bunny Pros will audition for your project and you'll select -and pay- for the one you like the most. If you're not satisfied with any, you can request three more at no extra cost!

3. **Speedy:** The fastest way to receive a project is by creating a Speedy. This is what we recommend when you are in a rush. When you post a Speedy, we match your projects' brief with the best available Pro and deliver within hours.

Voice overs and audio

Our technology combined with our extensive database of pre-vetted voice over artists allow us to deliver *fast*. Our median turnaround time for voice over projects is **2.5 hours**.
